

ROCKY MOUNTAIN POWER UPDATE

Planning is underway to bury 7 miles of RMP mainline in the canyon this summer to limit wildfire liability. Several homeowners inquired about burying lines in residential areas also. RMP replied that the cost would be about \$20,000/home and take a few years to finish. On that report, homeowners were simply not able to proceed with any further inquiry because of the cost. Would the Town of Brighton be able to fund this project over several years? It would be a huge deliverable for its citizens and for the forest.

Projected Cost to Bury Electric Line in Brighton: \$20,000 x 567 = \$11,340,000

NAME OF COMMUNITY	# OF CABINS	# OF FULL-TIME CABINS	# OF PART-TIME CABINS	% OF FULL-TIME/ PART-TIME CABINS
Mt. Haven	51	6	45	12% Full 88% Part
Cardiff Fork	28	7	21	25% Full 75% Part
Pinetree	33	7	21	21% Full 79% Part
Mill D	22	0	22	100% Part
Silver Fork	179	58	121	32% Full 68% Part
Forest Glen	93	21	72	23% Full 77% Part
Brighton	159	17	142	11% Full 89% Part
TOTAL FOR TOWN OF BRIGHTON	567	116	451	20% Full 80% Part

*Solitude was not included because their electric lines are already buried.

RESIDENT PASS ROLLOUT

UPD has supplied 800 Resident Passes for the Emergency Teams to distribute. To date 490 passes have been mailed to 148 households (average of 3/household). 386 were distributed by Emergency Teams. UPD will supply 90 more passes. To date the project has cost \$91 in postage. Brighton has added 63 new contacts from property owners who were not on the mailing list previously.

UDOT STICKER PASS UDOT has ordered an additional 1,500 stickers for distribution. These are available on a first-come-first-serve basis and will be distributed on the following days:

DATE: Thursday December 10, 2020 & Saturday December 12, 2020

TIME: 6:30am – Noon

PLACE: UDOT Maintenance Shed - 6601 S 3000 E in Cottonwood Heights
